the new map features. I'm a new player. What to do? I don't know how to create a map. Can you provide the documentation on how to build a map? or link to a good tutorial. I have done all the base possibilities, like forest, desert and normal interior. Also, i know how to create a jungle, overgrown, and desert. I have some experience with editing the map editor, and that was a lot of fun. Now, i need to make a map myself, and don't know the first thing. I can make all the variations in it, but don't know how to edit it to make the branches look and feel different than other maps. I know how to paint the background using the background editor, but it's all the same. Even the other variations of the map background. No colors, no greyscale, no rotoscoping. , Inc. v. Premiere Nutraceutical, Inc. United States District Court, District of Massachusetts April 14, 2007 CRASH, INC.v.PREMIERE NUTRACEUTICALS, INC. Civ. No. 05-11405-MFK OPINION ARTHUR N. VOTOLATO, District Judge. Rocky's Cycling, a company that conducts bicycle races over a series of trails, sponsors a titled "Racer Perfect" match between two of its cyclists. Each year, the company also has a "Racer Advance" match, in which all the main contenders from the previous four years meet in a final race to determine the top cyclist. This year's Racer Advance, which is scheduled to be held later this summer, will determine who is the best raced rider of Rocky's Cycling throughout the 1990s. In order to have the strongest riders competing, Rocky's Cycling chose to take part in the Australian long distance trials, also referred to as the Western Frontier Classic, on August 6-10, 2004. Rocky's Cycling sent two riders to Australasia because it expected that the longer races would give its athletes the advantage. Applying this strategy, riders from its company, The Ride, each took a trip to Australia where they separately placed first in the two long race events. Rocky's Cycling is one of many companies that produce, promote and sponsor bicycle racing. Two of these companies are featured in this litigation. They produce and sponsor the clothing worn by racers, and the companies also sponsor the stage-racing television program focused on these types of sports. It is through this stage-racing television program that the companies become aware of the cyclists who have proven themselves in the race match competitions. Major sponsors such as National Hair-Length, which provides shampoos, styling and lighting to these cyclists, know

that the popularity of their products is determined by which athletes they sponsor. One of those sponsoring companies, Premiere Nutraceutical, Inc. (PN) is also the defendant in this case. PN's sponsorship and promotion of athletes who race for its clothing provides it with additional prestige and exposure in the world of stage-racing, thus enhancing its own image as the
